

Improving the quality of lives of children with Epidermolysis Bullosa

Dear Friends & Donors,

We are excited to announce the annual **Butterfly Bash** will take place this year on Saturday, June 22, 2024. The Butterfly Bash is a dinner and auction benefiting The Butterfly Children Fund, a Denver-based not-for-profit organization that supports families of children with Epidermolysis Bullosa (EB). Often referred to as “the worst disease you’ve never heard of,” EB is a rare, genetic skin disease that causes extreme skin fragility, trauma, and blistering. Patients with EB experience excruciating pain, limited mobility, high infection risk, and often shortened lifespans.

The mission of The Butterfly Children Fund is threefold:

- Provide financial support to families of patients with EB to help cover the many expenses associated with the disease not covered by insurance;
- Fund and host Camp Spirit Colorado, the annual winter adventure camp held each February in the beautiful mountains of Estes Park for EB patients from all over the country;
- Support the life-changing EB research efforts taking place right here at Children’s Hospital Colorado and the Gates Center for Regenerative Medicine on the CU Anschutz campus.

We are requesting sponsorships to underwrite event expenses, as well as the donation of any silent auction items in hopes of reaching our goal of \$100,000! To sponsor or make a contribution, please reach out to us (see below) or visit our website at www.butterflychildrenfund.org where you will find additional information including sponsorship levels, auction forms, event details and ticket information.

We know you get many donation requests, so we extend our sincerest gratitude for your time and consideration.

Sincerely,

The Butterfly Children Fund
